

The Oakdale Police Department is dedicated to the Community and its residents. The department is here 24 hours a day to protect and serve our citizens. In the face of this chaos nothing has changed.

If you are experiencing a need and cannot get out to get it, please call the police. An officer will come help you and assess your needs and get you the assistance you need. The department is identifying a group of Oakdale residents who are standing by to assist if needed. They can shop for you, run errands or even go to the pharmacy.

Remember "The FLOOD"?! Who got Oakdale back on its feet with minimal help from anyone? We did! We will pull together and help one another and get things done. So if you need anything, at any time, call the police for assistance.

You can reach the Oakdale Police Department via the following:
