**ROAD CONSTRUCTION AHEAD** — Raise your hands on who loves the challenge of finding a new way to work or home? We have been told that STATE ROUTES 978 & 3048 ARE FINALLY GETTING PAVED.

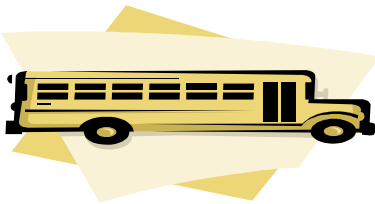

Penndot has scheduled the paving of Clinton Avenue (SR978) and Noblestown Road (SR3048) to start the week of August 1. Clinton Avenue will be paved from Oakdale Road to Union Avenue and Noblestown Road will be paved from Gormley Avenue to Union Avenue. OK, not be the bearer of bad news, but these roads are so heavily traveled, the work will be done from 6:00 pm to 6:00 am. Detours will be posted as necessary. Other work that will be done during this project include, catch basin repairs, manhole cover replacement as needed and valve repairs.

Rest assured the First Street paving job is a separate project and we are waiting for a start date from the contractor, Morgan Excavating.

## THE OAKDALE TIMES

**T**he Oakdale Police want to remind you that if you are going to be away from your home for any length of time it is suggested that you stop down to the Borough Office and complete a vacation notification form.

The form asks a number of questions that help the police if there are any problems with your home while you are away. The police will check your home a number of times during a patrol cycle looking for signs of problems; broken windows, door open or in some cases, water flowing from inside the house.

We ask that if you complete a form and you get home either earlier or on time you notify us so we don't think someone has gotten into your home.

Please consider filling a vacation form the next time you are away.

As usual, the police are here for your protection....if you see something....say something....CALL 911
